Conference Between Operators And Government Held In Efforts To Reach A Basis Of Settlement

Heavy Vote In Ohio Expected As The Result Of Wet-Dry Issue And Spirited Mayoralty Contests

COLUMBUS, 9, Nov. 4.—Ohio today is taking on four phases of the prohibition question, the results of which, according to the state election board, will have a decided bearing upon the prohibition question throughout the nation.

On one question voters expressed their sentiment on national prohibition. This was done indirectly by voting upon the action of the state legislature in ratifying the federal prohibition amendment. Ohio is the first state in the union where the federal prohibition amendment has been placed directly before the voters, and both wet and dry leaders are watching the result with keen interest.

Statewide prohibition also is again before the voters on questions of repealing the prohibition amendment adopted a year ago by a majority of more than 55,000, and legalizing the manufacture and sale of liquor containing less than two and three fourths percent alcohol. Such liquor would be classed as non-intoxicating and would be permitted by the amendment to be sold as soft drinks.

The fourth prohibition proposition is a referendum on the Cripple Rehabilitation and Assistance bill passed by the legislature. Leaders of opposing forces make contradictory claims as to the results. Dry leaders claim defeat on the amendment proposing repeal of the statewide prohibition amendment and the use of liquor containing less than two and three fourths percent alcohol. Wet leaders who say the amendment will be adopted, without a single specific majority.

Dry leaders also predict that voters will approve the action of the state legislature in ratifying the federal prohibition amendment by 100,000 majority. Wet leaders say both propositions will be decisively defeated.

While prohibition is the overshadowing question, considerable interest has been shown in the campaign on the constitutional amendment providing for classification of property for taxation. The amendment was adopted by a majority of more than 100,000 but it was declared void by the state supreme court because it conflicted with another amendment. It was re-submitted by the state legislature.

Statewide mayoralty contests in most of the large cities were expected to bring out a large vote. Mayor George D. Burt, Democrat, is a candidate for re-election as mayor of Columbus. Mayor Harry L. Davis, Republican, is running for third term. Mayor Cornelius Schneider, Independent, is a non-partisan candidate for re-election.

THE YOUNG LADY ACROSS THE WAY

Young lady across the way says she drove an automobile truck when it was new, and while they were from him for some time ago, she's still with the family.

FIRST RETURNS

BOSTON, Oct. 4.—The first town in the state to report the vote for governor was Norwell. The vote there was Coolidge, (Republican) 229; Long, (Democrat) 15. Last year's vote was Coolidge, (Republican), 136; Long, (Democrat), 19.

ALL BALLOTS NON-PARTISAN

AKRON—Akron today conducted its first election under the new city charter. All ballots are non-partisan. Mayor W. J. Lauck, Republican; Councilman, H. J. Berolzheimer, Democrat; and A. C. Holloway, Socialist, are candidates for mayor. Voters were given ten ballots, among which were ones for tuberculosis hospital, water works and city improvement bond issues, totaling \$5,500,000.

VOTING BEGINS IN CINCINNATI

CINCINNATI—With a city auditor, three municipal court judges and a superior court judge to be elected on the regular municipal ballot, the chief interest here in today's contest was the bond issue for the city. The vote was predicted that Hamilton county would roll up an anti-prohibition majority of 50,000, but this claim was disputed by the drys, who contended that dry vote would be a revelation. Each voter was handed eleven ballots including two bond issues for street improvements and for school purposes and for increasing the tax levy for the Cincinnati school district. The weather was threatening rain during the early hours but the voting was very brisk.

MAYORALTY FIGHT IN CANTON

CANTON—With ten separate ballots to cast, voters in Canton today were confronted with a big task. Interest was here in the wet and dry fight and in the contest of mayor Henry H. Schmitt, Republican, who is seeking mayor under order of the governor who deposed Mayor Doernman, Democrat, and Herman Winter, Independent, a strong union labor leader. Other local propositions include the selling of the present county infirmary site and purchasing a new one, and local issuance of school bonds to build needed structures. The early vote was heavy.

USE NEW SYSTEM

ASHTABULA—For the third time, Ashtabula today is using the Harris proportional representation method in electing its city council. In 1915 Ashtabula was the first city in the United States to use this plan, but since then several other cities have adopted it. The idea of the system is to allow each group or faction in the city to have representation on the council, rather than to allow the majority to rule. Fourteen men are candidates for council. Seven are to be elected. Other bond issues here are police judges and a \$500,000 school bond issue for new grade buildings. A heavy vote in the county is expected.

HEAVY REGISTRATION

CLEVELAND—Crisp fall weather brought the voters to the polls early today and with a total registration for the city of 121,585 men and 410,000 women, the largest vote in the city's history was forecast. The wet and dry leaders were optimistic, while opinions regarding prospects of the classification amendment were equally divided. Citizens were handed eight ballots as they entered the booths, to elect a city council, assessors and a board of education, on which later the women also will vote. Candidates for mayor include Harry L. Davis, Republican incumbent; Dr. R. H. Bishop, Democrat; and Edmund F. Haverstick and Hugh F. Taylor, Independents. An additional tax levy for county roads and \$5,000,000 county jail bonds are also to be voted on.

THREE CORNERED FIGHT

HAMILTON—A heavy poll of voters was expected today by election officials. Mayor C. J. Smith, running for re-election, is opposed by Captain J. W. Myers, Independent Republican, and John M. Canineau, Socialist. Though Butler county is expected to go wet, energetic campaigning of the drys, who used automobiles, to penetrate every corner of the county, makes the wet majority doubtful.

VOTING HIGHEST IN HISTORY

LIMA—Voting in Lima was the heaviest.

FINLAND REFUSES AID

HELSINGFORS, Nov. 4.—(By the Associated Press)—The Finnish government informed General Yudenitch today that it was unable to co-operate with him for the deliverance of Petrograd.

(This is the Finnish reply to the appeal of the northwestern Russian government for assistance coupled with a recognition of the independence of Finland.)

BOLIVIA GETS OUTLET TO OCEAN

WASHINGTON, D. C., Nov. 4.—Chile has given Bolivia an outlet to the Pacific ocean by ceding a strip of land north of the province of Arica, according to official advice received here today.

ANTI-BOLSHEVIKI ARMY ATTACKING PETROGRAD REPORTED SURROUNDED

LONDON, Nov. 4.—A claim that the northwestern Russian army of General Yudenitch, which has been attacking Petrograd, was surrounded by Bolsheviks, is made in a soviet government wireless dispatch from Moscow dated today.

U. S. RAILWAY MISSION TO WITHDRAW FROM SIBERIA

OMSK, Friday, Oct. 21.—(By the Associated Press)—Colonel George H. Emerson, of the American Railway Mission, has ordered the withdrawal of the American railway corps from Siberia. The withdrawal will coincide with the evacuation of the Czech forces for repatriation to Czechoslovakia November 1.

HEAVY VOTE IN KENTUCKY ON GOVERNOR

LOUISVILLE, Ky., Nov. 4.—Voters in Kentucky today poured into voting booths to register their choice for governor, select two state representatives, 11 state senators, and 11 judges in 11 judicial districts. In all other state offices and express opinion on two proposed amendments to the state constitution, including statewide prohibition and removal of officers who permit prisoners in their custody to be taken from them by mobs.

Managers of rival candidates for governor played none of their claims of victory. Thomas S. Riley, associated governor James D. Black, Democrat, would be elected by 15,500 majority, while Charles H. Sawyer, Republican, manager, played Edwin P. Morrow's majority at 20,200.

Riley anticipated majorities for Black ranging from 12,000 in the first congressional district to 10,000 in the third, and an even break in the fifth. He contended the tenth and eleventh to Morrow by 21,000, to which Sawyer added 19,000, and in addition claimed the third, fourth and fifth (Florida).

Weather predictions were fair during the day and it is expected that almost every voter in the state will register his vote.

NOTE GENERAL STRIKE

MIAMI, FLA., Nov. 4.—More than 50 per cent of union men in Miami have voted in favor of a general strike to uphold the principle of the closed shop. The strike committee today set next Monday for a general walkout. More than 2,000 union men will be affected, and two million dollars worth of building held up.

Hear The Results Of The Election At Times Office; Watch For Election Extra

Election results from the city, state and nation will be received at The Times office tonight. Interest this year centers chiefly in the wet and dry fight in the state and majority contests in various cities. Returns from the state and nation will be received over The Times Associated Press leased wire. Results in the city will be secured through The Times staff of news-gatherers, and special efforts are being made to gather the results of the ballots as accurately and rapidly as possible. The public is invited to drop down to The Times office and enjoy the election party. Results will be thrown on a screen by stereopticon. An ELECTION EXTRA will also be published. Watch for it.

PRESIDENT IS UNABLE TO VOTE

WASHINGTON, D. C., Nov. 4.—For the first time since he has been in the White House, President Wilson was unable to go to his home in Princeton, New Jersey, to cast his ballot. Secretary Tamm said the president was "in the shape" this morning and would be permitted to receive the election returns, "provided they are good." The house of representatives was not in session, having recessed so members from states where elections were being held could return home. The senate, however, continued its discussion of the peace treaty.

FIVE STATES VOTING ON GOVERNORS

NEW YORK, Nov. 4.—Elections in five states went to the polls today to ballot for governors, while election of lesser officials and decisions on constitutional questions faced the voters of several other states. Governors are being elected in Kentucky, Maryland, Massachusetts, Mississippi and New Jersey.

The elections in Ohio are being watched with interest by "wet and dry" advocates as they, for the first time in any state, a popular vote is being taken on the eighteenth amendment to the constitution. This is being accomplished by a referendum on the legislature's action in ratifying the amendment.

Ohio also is taking a referendum vote on a prohibition enforcement act adopted by the legislature and is also voting on repeal of the state-wide prohibition act and another amendment touching on prohibition.

Chicago, Nov. 4.—Delegates to the fifth state constitutional convention today were voted for in Illinois, with additional proposals to instruct delegates regarding the wishes of the people as to including in the prospective constitution provision for the initiative and referendum and authorizing municipalities to acquire utilities.

ASTORIA, TEXAS, Nov. 4.—Elections today voted on the calling of a constitutional convention for the first Monday in June, 1920, and six constitutional amendments.

LINCOLN, NEB., Nov. 4.—Selection of delegates to a constitutional convention was the only statewide proposition before Nebraska voters today. The city of Lincoln voted on municipal amendments.

POLICE STRIKE AN ISSUE
BOSTON—Voters in exceptional numbers for an "officers' election" went to the polls in Massachusetts today to register their verdict on Governor Coolidge's course in the recent strike of police in this city. The League of Nations and economic issues, although given prominent places in the platform of the two major parties were relatively subordinate to the "law and order" issue advanced by Republicans.

CHICAGO, Nov. 4.—In the face of a virtually unknown front of approximately 250,000 striking coal miners, whose walk-out throughout the nation at midnight Friday night has rendered almost complete paralysis of the production of bituminous coal, the beginning of the second full day of the strike found government officials and coal mine operators in an optimistic mood. Additional movements of federal and state troops in various coal fields were reported over night, and thousands of car loads of fuel in transit were confiscated by the federal railroad administration, diminishing the supply of private industries and municipalities, some of which already have felt the stopping of production. Officials of the United Mine Workers of America, whose list officially were sealed by the federal court injunction issued at Indianapolis last week, remained silent.

Attorneys for the miners continued preparation today of their side of the case preparatory to the hearing next Saturday in federal court of the injunction proceedings and Washington officials were of the opinion that the broad powers of the restraining order, prohibiting use of the strike funds, would compel the miners to resume work.

McKuley and Colfax counties, New Mexico, today were added to the districts under military control by a martial law proclamation of Governor Laramie. Additional troops for possible duty in the extensive Pennsylvania fields were under orders today to be ready to enter at two hours' notice. They were the 21st and 10th regiments of infantry at Camp Travis, San Antonio, Texas.

For duty in Wyoming coal fields, a company of the 21st Infantry today was enroute from Spokane, Washington. Additional state troops were sent into the Colorado fields, their offices centering northwest of Trinidad.

Fifteen union miners in the northern fields of West Virginia today had resumed production, according to a statement by the West Virginia Coal Association, which asserted that was the first definite break in the miners' ranks. Coal production in that state was well over fifty percent, the operators said.

Non-union miners in Pennsylvania today continued on their jobs getting out an appreciable amount of fuel, with the amount brought to the surface.

WASHINGTON HAS HOPES OF EARLY SETTLEMENT OF THE COAL STRIKE

WASHINGTON, D. C., Nov. 4.—Efforts to reach a basis for possible settlement of the strike of bituminous coal miners were made today at a conference here between Federal Fuel Administrator Garfield and J. D. A. Morrow, president of the National Coal Association, an organization of the leading coal operators of the country.

Mr. Garfield returned early today from a visit to Kentucky and soon afterwards went into conference with Mr. Morrow, who was an official of the fuel administration during the war. What proposals the fuel administrator had to make were not disclosed in advance of the conference.

McKuley and Colfax counties, New Mexico, today were added to the districts under military control by a martial law proclamation of Governor Laramie. Additional troops for possible duty in the extensive Pennsylvania fields were under orders today to be ready to enter at two hours' notice. Chamber Of Commerce To
Be Big Help To The City

Pressed with the question, "What is the Chamber of Commerce going to do for Portsmouth?" the idea has been hit upon of asking each day one of the representative business men of the town what, in his opinion, the Chamber of Commerce should be to the town. Monday afternoon the interviewer called upon Samuel Borchow, and interviewed to gain an insight into Mr. Borchow's view of the matter.

"I believe implicitly in the future of Portsmouth," said Mr. Borchow, "and in Portsmouth's possibilities unlimited."

A Chamber of Commerce, he continued, "operated on business principles and supported by the interests of the city would be the greatest factor in the upbuilding of Portsmouth, in making it a better city to live in and to work in."

"A Chamber of Commerce in itself has, like Portsmouth, possibilities unlimited. Industrial and commercial, as well as the mental and normal, welfare of the city can be with safety entrusted to such an organization. A strong Chamber of Commerce could be made the helping hand of the city and county officials. It could be made the guiding force in all activities which go to the building of good citizenship and a good city."

Let us by all means have a strong, Monarchic Chamber of Commerce of Portsmouth, in which shall be represented the manufacturer and the merchant, professional men and laborer, the whole citizenship of Portsmouth, in short. Such an organization will be a guarantee of the city's future."

"I suffered for years with only temporary relief. My liver was very bad, after eating I would always have such a fullness in my stomach and my heart would palpitate. I could not eat milk toast without distressing me. Since taking a course of Mac's Wonderful Remedy, more than a year ago, I can eat anything my appetite desires. It is a simple, harmless preparation that removes the material mucus from the tract, and allows the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Flood and Drake, Fishers and Surrish and Druggists everywhere."

Swamp-root for Kidney Ailments
There is only one medicine that really stands out as a medicine for the ailments of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-root, stands the highest for the reason that it has proven to be just the remedy needed in thousands of distressing cases. Swamp-root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer and Co., Binghamton, N. Y., for a sample bottle. When writing, state and mention the Portsmouth Times.

Good Digestion

Gives Strength
To Weak People

Vola-Tonic Helps Stomach Take
Strengthening Nutrition
From Food Eaten

To be strong a man or a woman must have good digestion. Good appetite, good food, good nerves are nothing if the digestion is wrong. Weakness follows weakness.

Strength comes from food. The day of getting strength out of food is assigned to the stomach and is done by the process of digestion.

Thus, although we have a good appetite that brings sufficient food into the stomach, although we have good nerves which tell what vital organs want parts of the food most needed, although we have good blood to carry the nutrition to those organs and parts of the body that need it, we cannot have strength if the stomach fails to get nutrition out of the food we eat.

A weak stomach wouldn't get far with a faulty firebox. Enough coal, right to throw on to make a blazing fire to turn the water in the boiler into steam to give power to the wheels of the locomotive. But if the firebox is faulty the coal does not burn well. The water does not reach the heat necessary to turn it into steam. Power is lacking. The wheels cannot turn. So it is with the stomach. The stomach is to the human body what the firebox is to the locomotive and the process of the burning of coal is similar to the process of the digestion of food.

Because good digestion is so necessary to the strength of men and women, Vola-Tonic, "Builder of Strength," has been so compounded that it helps the stomach. It brings good digestion.

Vola-Tonic first produces a normal, healthy appetite. Weakness and indigestion are enabled to eat sufficient food. Vola-Tonic tones up the stomach and cleanses the bowels and the intestinal tract. It aids the digestion of the food we eat. Vola-Tonic builds up rich, red blood, thus enabling the blood to carry plenty of nutrition from the stomach to the weakened organs and parts of the body. It strengthens and tones up weakened nerves so that they can properly direct the carrying of nutrition by the blood to organs and parts of the body where it is needed.

Gradually the body and system become stronger all over. In the end, full strength returns to the weakened, run down man or woman and will be lasting if the laws of nature are obeyed.

Many local people are calling daily at Fisher & Surrish's drug store, where Vola-Tonic, "Builder of Strength," is being specially introduced and explained by the Vola-Tonic expert.

Mrs. Roy Rheinfrank of Sixth street will be the hostess of the Washington Club meeting on Wednesday afternoon.

In the municipal and state election, was reported here this morning from all precincts, especially those in which the labor vote is heavy. Total registration is approximately fifty thousand. There are three candidates for the mayoralty, Cornell Schreiber, present incumbent; Edwin J. Lynch, former assistant United States district attorney here, and Nelson T. Elton, a Socialist.

FARMERS VOTING ENMASSE
COLEMAN, O., Nov. 4.—Though roads generally were in bad condition and rain fell most of the forenoon, farmers turned out to vote in almost solid ranks, according to Colonel J. I. Cochran, chief of the federal bureau of crop estimates. "The farmers are intensely interested in the classification amendment and this fact alone insured a big turnout in the rural districts," he said.

SPRINGFIELD VOTE HEAVY
SPRINGFIELD—Springfield voters were casting their ballots in unusually heavy numbers today and indications at noon were that a record vote would result. In addition to candidates for municipal offices and state propositions, voters were also voting upon the question of issuing \$5,000,000 worth of bonds for the repair of the court house, which was gutted by fire in March, 1917. Few women were casting votes for board of education candidates.

MANY VOTE IN DAYTON
DAYTON—Despite the fact that the only local issues involved are the election of school board candidates, two city commissioners and municipal judge, Dayton voters went to the polls in large numbers.

How You May Reduce Your Weight

Overweightness is a very undesirable condition, especially in the present day, when slender figures are so popular, and every reader of this paper who has noticed a tendency to put on weight will be glad to know of a new, simple, home treatment that is remarkably efficient and inexpensive.

If you happen to be one of those whose weight is more than ideal, you should try to reduce by starting yourself, eat all you want, but take after each meal one or two thin, forceful doses of **Physio**, which you can secure at any drug store.

Physio is designed to increase the excess carrying power of the blood and dissolve fatty tissue. In many cases at the rate of a pound a day. It is pleasant to take and gives remarkable results quickly and easily. **Picker & Sireh** Pharmacy, Food & Medicine, or any drug store can supply you.

Ohio River Stationary

(BULLETIN)
At 2:30 this afternoon the Ohio river became stationary here after reaching a stage of 11.2.

(BULLETIN)
River Observer Fred Winter received the following from River Observer Devereaux at ten o'clock this morning: The river at Portsmouth will become stationary tonight at a stage of 45 feet, and will begin to fall Wednesday.

At 7 o'clock this morning the Ohio river registered 41 feet here. The rate of rise was estimated at less than an inch an hour by River Observer F. R. Winter.
"It is doubtful if the river will reach a stage of 45 feet on its present abnormal rise," Mr. Winter said this morning. "However, it may continue to rise slowly for the next 24 hours."
If the Ohio does not exceed the 45 foot mark, the towpath will not be submerged and traffic to the West Side will not be cut off.

No Need To Be Thin, Scrawny or Sallow

If you are thin and want to be plump, if you have wrinkles in your face that you are not proud of, if the skin is sallow or subject to pimples or blackheads, take Milla-stomach tablets for two weeks and notice the change.
The majority of the thin people are thin because the stomach does not perform its duties properly. It is not secreting sufficient of the natural digestive juices and in consequence does not extract from the food enough nutritive matter to nourish good part of the body.
Milla-stomach tablets are intended to build up the stomach so that it will not properly and extract from the food the maximum necessary to form flesh.
If you are thin try two weeks' treatment of Milla-stomach tablets—they are small, easily swallowed and are sold under the guarantee of money back if they do not overcome chronic indigestion, constipation, chronic stomach disturbance, loss of appetite, nervousness, and any other chronic disease.
For sale by Wurster Bros. and all leading druggists.

Leg Broken In Fall

William Jennings, aged 19, whose parents live on Grandview avenue suffered a broken leg when he was thrown from his motorcycle while riding to his work in the N. & W. shops this morning.

George Wilson, 25, well known carpenter of Seventh and John streets suffered a broken right leg above the knee when he fell from a scaffold on the roof of the two story home of R. L. Gilbert 1221 North street today noon.

He was on top of the house pushing off shingles and he got too near the edge, causing him to fall on the shingles and not on the ground or stone walk.

He was taken to his home in Dachtler's ambulance and Dr. D. T. J. attended him.

THE PRINTERS DID IT

Our Ad. appearing in Saturday's Times inviting patrons of The Land Office to see properties "tomorrow," was written for Friday's paper, but for some reason it was not published till Saturday, and since the wording was not changed, the inference was drawn, as evidenced by many inquiries received, that we wanted to show properties on Sunday, WHICH WE REFUSE TO DO.

Ambition Pills

For Nervous People

The great nerve tonic—the famous Wendell's Ambition Pills—that will put vigor, vim and vitality into nervous, tired out, all in, despondent people in a few days in many instances.

Anyone can buy a box for only 50 cents and Wurster Bros. is authorized by the maker to refund the purchase price if anyone is dissatisfied with the first box purchased.

Thousands praise them for general debility, nervous prostration, mental depression and unsteady nerves caused by over indulgence in alcohol, tobacco, or overwork of any kind.

For any affliction of the nervous system, while for hysteria, trembling, and neuritis they are simply splendid. Fifty cents at Wurster Bros. and dealers everywhere.

Griddle Cakes!

"Wear-Ever"
Greaseless Griddle

Piping Hot From The

GRIDDLE cakes made on the "Wear-Ever" Aluminum Griddle are as perfect as griddle cakes can be—baked through thoroughly, browned beautifully, deliciously appetizing. They taste as good as they look.

Another equally important advantage is the fact that, because no grease is needed when the "Wear-Ever" Griddle is used, the house is not filled with smoke and odor.

Heat the griddle. (Some women place a bit of batter near the outer edge of the griddle. When the batter browns, griddle is hot enough to bake cakes.) Then, turn down the flame about one-half. Save fuel!

"Wear-Ever" utensils are made in one piece.

They have no soldered parts or seams. They are pure and safe—cannot break, crack or chip—will give enduring service.

It now is possible for you to get those shapes and styles of "Wear-Ever" utensils which have been unobtainable during the war because so many thousands of tons of aluminum have been used in making cooking utensils for soldiers and sailors.

The utensils which gave enduring service there will give lasting service here.

Replace utensils that wear out

TIMES SERVICE PATTERN

3018

3018. Such a Dainty Play Dress is here illustrated. It was developed of unbleached muslin, with cross stitching in blue and red. One may have this in checked gingham, with trimming of a plain collar or in a neat pattern of percale with blue or red for collar, cuffs and belt. The pattern is the smart feature of this dress, and every little girl will like the dress for that reason.

This pattern is cut in 4 sizes: 2, 3, 4 and 5 years. Size 3 will require 2-3/4 yards of 27 inch material. A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps and 1 cent extra for postage.

Dear Miss Wise—I am a very good-looking girl. I would love to know if a girl could get married at 18 years old without their father's consent? Can a girl get married at 18 years in Kentucky? Please answer in your next column, as I want to know. I am corresponding with a good looking fellow.

You are of age to marry in Ohio without your parents' consent. In Kentucky you have to be 21 years old. With the consent of your parents in Ohio you have to be 16 years of age. In Kentucky you can be as young as 14 years.

Dear Miss Wise—I am very much interested in meteorology. Do you know of any person in this town who has any insects he would sell, as I would like to have one very much to study and amuse myself.

No doubt there are people who would sell insects or similar formation if they communicate with me I can forward the address to you.

I would like to encourage you in this work.

Many, many red-blooded American girls would get mad once in a while. If you are used to having him love you and show his affection you will miss him like everything for awhile, but do brace up and find your self respect.

It would be different if he were not the kind of a man he is. But he is deceitful, he is not "nice" to you when he accepts the best your heart can offer and then drifts off to another girl. In a very short time, I declare, I can't blame him for you are undoubtedly easy.

Do not more and play around with other people—boys and girls. Perhaps you never developed the art of coquetry, perhaps you always thought there could be no more in a girl's and boy's relationship, but the purely physical thing is the one who can be entertaining in many different ways, can be sympathetic, very interesting conversations, play and have a point of contact with many varied activities in the world, and with all he is womanly. The physical attraction wears off. The mind is something that never wears off.

Making Motherhood Easier

Happy Days Follow
The Flight of the Storm

SO profound is the effect which the unborn infant has upon the mother that she may be said to tingle to her very finger tips.

The conditions of pending motherhood, existing as they do, over a protracted period of months, create almost a new state of being for a woman. Just as she prepares herself for it, so will most favorable conditions prevail when her child is born.

Under all normal internal conditions, women who use Mother's Friend have no apprehension about the ultimate results of maternity. On the contrary, the period of duration in expectancy will be one of joyful anticipation, a looking forward to the wonderful event in perfect serenity.

USED BY THREE GENERATIONS

"My mother used Mother's Friend before I was born 26 years ago and my birth was practically a painless one," writes one enthusiastic mother. How very natural then that her own mother, whose experience had unqualifiedly proven the virtue of Mother's Friend, would have her daughter enjoy the same benefits.

SOCIETY

The marriage of Miss Hazel Case, daughter of Mr. and Mrs. O. A. Case of Second street, to Mr. Everett Burton, son of Mr. and Mrs. James Burton of New Boston, took place on Saturday evening, November 1, at six o'clock, at the bride's home. Rev. G. H. Oakley of the First Christian Church read the service in the presence of a small company of relatives and friends. The bride was very attractive in a frock of white organdy with a corsage of bride's roses. Miss Virgie Lee Bault, as bridesmaid, wore purple satin, with a bouquet of white roses. Mr. Gabel Case, the bride's brother, served as groomsmen.

After the ceremony a dinner was served to the following guests: Rev. and Mrs. Charles R. Oakley, Messrs. and Mrs. J. V. Crawford, John Crawford, Benoit McChesney and daughter Kathleen, Henry Daulton, James Daulton, Mrs. Charles Crawford and children, Walter and Mary. Mrs. W. J. Adams and children, Elizabeth, Paul and Kenneth, Mrs. E. M. Case, Mrs. Marlowe, Misses Roosevelt, McKelley, Lucy Daulton, Leona Weaver, Gabel Case, Irene Burton, Messrs. Howard Willing, D. Crawford, Ernest Burton and Daniel Crawford. Mr. and Mrs. Burton will go to housekeeping in their own home on Harrisonville Pike New Boston.

Mrs. J. T. Breese's class of Trinity church will hold a meeting on Wednesday afternoon at 11 o'clock at the home of Mrs. John Hill, 1525 Seventh street.

On Friday afternoon and evening of this week, there will be a speaker at the Second Presbyterian church to give a talk on and explain the New Era Movement. There will also be a called meeting of the Presbytery. All members of the Women's Missionary Society are urged to be present.

MRS. H. W. FRY, Sec.

Mrs. Minnie Graine of George P. O. has returned home after a week-end visit to her sister, Mrs. Charles Anderson of Gallia street.

Miss Ruth Pray's class of Trinity Sunday school spent a delightful evening Monday at the home of Miss Margaret Sikes on Second street, for a "Hallowe'en" celebration. Victrola and piano music were pleasant pastimes. The hostess, assisted by her mother, Mrs. Harry M. Sikes, served dainty refreshments to Misses Ruth Pray, Mary Griffin, Charlotte Du Puy, Olive Atchison, Ruth Gray, Jennie Held, Rosalee Vogel, Katherine Allen, Bertha Vanhook, Allen Cook and Marie Bradshaw.

Miss Josephine Alberts of Ashland has returned home after a visit with Mr. and Mrs. Louis Archard of Fourth street.

Overdoing

How American Women Break Down

Owing to the modern manner of living and the nervous haste of every woman to accomplish just so much each day, they overdo, and as a consequence develop ailments peculiar to their sex, as is indicated by backache, headache, nervousness, the blues, displacements and weakness.

Women who find themselves in this condition should slow down, and depend upon that good old fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, to restore them to health and strength, for there is no other remedy known that so quickly restores a healthy, normal condition.

Here is the Story of a Most Remarkable Recovery

Minneapolis, Minn.—"I was run down and nervous, could not rest at night, and was more tired in the morning than when I went to bed. I have two children, the youngest three months old, and it was drudgery to care for them as I felt so irritable and generally worn out. From lack of rest and appetite my baby did not get enough nourishment from me, so I started to give him two bottle feedings a day. After taking three bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman, full of life and energy. It is a pleasure to care for my children and I am very happy with them and feel fine. I nurse my baby exclusively again, and can't say too much for your medicine." Mrs. A. L. MILLER, 2633 East 24th St.

Surely this proves the curative value of

WRESTLING MATCH TONIGHT

What will undoubtedly prove to be one of the best and most interesting wrestling matches of the season will be held tonight when William Demetral, of Detroit, the famous Greek heavyweight, tackles Joe Varga, of the understanding that he is to throw him twice in one hour or less. There has been considerable feeling between these two men for some time, owing to the fact that Varga claimed that when the Greek threw him twice in 51 minutes at their last meeting, the local man was not in good shape, having been injured the day previous in a match with Zylbis. Demetral is confident that he can handle the local man without much trouble, but those who have seen Varga work lately are of the opinion that the Greek will have the hardest hour of his life, as Varga is in excellent shape and has been improving right along. His recent match with Young Sandow showed the fans that in addition to being fast and clever he also possessed great strength and is right up to the minute on all the holds and locks.

Two good preliminaries will also be put on and will commence at 8:30, the main event starting at 9 o'clock. Election returns will be announced from the ring as they are received.

CAMP SHERMAN ELEVEN HERE SUNDAY

Every player on the N. & W. team should be out for practice tonight at seven o'clock at the N. & W. freight house. Coach Seagrave, who is now working out of the city, formerly played with the Canton Bulldogs and will help Coach Dodge with the local team during the rest of the season.

The N. & W. will practice hard every night this week in order to be in

SHE MARRIED AN AVERAGE MAN

Athena East came today and found me in tears. I am not childish, but I am terribly disheartened. When Athena took me to see the editor of what she calls "that fool magazine" that a million middle-west women look upon as the Delphic oracle (the first thing she asked was if I had any ideas I thought he would furnish the ideas and that I would carry them out. I told him I thought I knew what small town wives and housewives liked to read, and he said rather curtly, I thought, that if I would write something readable he would be glad to consider it. Well, I've tried and tried and tried, but not one of the articles I've done has suited him.

"Stop bawling and tell me what you've written about," said Athena, undoing her furs and taking herself a cocktail.

I told her and she burst out into laughter.

"Poor little chick—forgive me, I don't mean to laugh, but well, dear, don't you see, you haven't written on any subject you know anything about. No offense, baby, no offense. Listen: Impressions of New York have been overdone by people who have lived here for years and know the city inside and out. Love stories are drugs on the market, unless you put a lot of punch in them; and you're too young and inexperienced to know how to do that. Fashion Notes are handled by experts.

"Now, come; we'll do up something together. You can't expect to land the first time you try, you darling little duck. If everybody could sit down and write readable stuff straight off the bat, scribbling would be as easily paid as—as well, school teaching or running a machine."

I was a bit vexed with Athena for

being so critical, especially as I haven't been able to do what I feel is my best work, I've been so interrupted.

"I'll do better," I told her, "when I can work quietly. My friend, Jeta Sterling, who lives in Brooklyn, came over on one of my busiest days with a perfectly heartrending story about her brother. It seems he's fallen in with evil companions, gotten the drug habit and was arrested the other day. Jeta says his wife is at the bottom of his trouble—that out of revenge she told the police about him. She's taking care of their baby—and—well, the details of the story affected me so that I couldn't get it out of my mind. Then there was a commotion in the apartment downstairs one night. It would take me too long to tell you about how the woman ran up here and asked Jim and me to take her in. It seems her husband tried to—

"Athena didn't let me finish.

"For mercy's sake, child, say no more. Write it, write it, write it. Don't you see you've got real material there—things you know about—things that have actually occurred. Shuffle the facts and make stories out of the happenings around you. Make a series of 'fun'-short, snappy sketches of that life. I've got it; call it 'City Life in a Country Woman's' Use your imagination. I can give you loads of stuff when your material runs out. Only it never will run out. So long as you've got newspapers to read and a city full of people to watch you can make stories if you'll only write what you see and not what you don't know. By the way, dear, I'm giving a party next week. Come masked and in costume. There'll be some fun!"

NEW YORK, Nov. 4.—Miner's drug store, a famous Bowery landmark, founded in 1801, has closed. It is the last of those romantic places with the red and green globes—the old time prescription clerk who wore spectacles and gold rimmed specs and stopped making a prescription long enough to come out and sell you a cigar.

The passing of Miner's signals also the passing of the Bowery type—the square jawed, unshaven, hard fisted type in a striped sweater. The Bowery is becoming commercialized but even so it is still picturesque and many of the old institutions are there.

The Bowery is only 15 blocks long. It extends from Chatham Square, off the hip of Chinatown, to Cooper Union. Fewer people are living on the Bowery each year. Such local names as "Boys Jack's Lunch Room," Red Donovan's saloon and the like are submerged in a tidal wave of new buildings, new shops and new titles as "Manufacturers of Baby shoe strings, thin, patent of face, rubber Stomps," "Auto Supplies," "Store Shingles. Now and then his lips move and Office Fixtures."

And on the corner of the Bowery and Delancey street there is the Puritan Hotel. Still up a few blocks is a florist who has been in the business for 100 years. The shop known as the Queen Anne. O'ye! had formerly printed papers and during the Bowery can show class—even if the black sales went over and under the

PRINCE LUBOMIRSKI

Better evidence that the Bolsheviks have not gained the upper hand in Poland could hardly be asked than the fact that the first Polish minister to the United States, who has just arrived in Washington, is a prince and a member of an old aristocratic family in Poland. His full name is Prince Casimir Lubomirski.

Prince Casimir was born in Cracow, Poland, and was educated there and in Vienna and Paris. After completing his education he entered upon the profession of the law. He was a member of the Polish diet for fifteen years and has taken a big part in politics in Poland.

Prince Lubomirski visited the United States twenty years ago and has been a great admirer of this country ever since. He is accompanied on his present mission here by his daughter and three sons.

Headlines to the blind man. There was a running fire comment as he told of the strikes in the town of capitalistic spirit of corps.

There is more of this sort of thing in New York than the outside world realizes. One sees it when a blind man starts across the street—two or three jumps to help him. That is true of the cripples on streets and in other places.

The end of the war has brought a new type of dance music. All the new pieces have a plaintive wail—the sobbing dying note. Nobody seems able to account for it but E. F. Blower, the first major donor, declares that the demand is for that sort of song and the points to the popularity of "Klondike Blues," "Star of the East," "Persian Moon," "Dramatic of a Sweet Tomorrow," and "Bells of Baghdad"—all of which have the plaintive strain.

Since the actor's strike hit Wynne, who was the strike leader, has not appeared on the stage. It is a pretty fine compliment to his ability to note that every dramatic critic in town has run articles asking that Wynne be returned to the stage. Wynne, himself, is silent on the subject. He may have offers and he may not.

CATARRH DOES HARM

Whether It Is of the Nose, Throat, or Other Organs, Get Rid of It.

Catarrh of the nose or throat when it becomes chronic weakens the delicate lung tissues, deranges the digestive organs, and may lead to consumption. It impairs the taste, smell and hearing, and affects the voice. It is a constitutional disease and requires a constitutional remedy.

Take Hood's Sarsaparilla, which by purifying the blood removes the cause of the disease and gives permanent relief. This alternative and tonic medicine has proved entirely satisfactory to thousands of families in three generations.

If there is biliousness or constipation, take Hood's Pills—they are a thorough cathartic, a gentle laxative.

"MUSIC RECORDS" WERE BOTTLES OF WHISKEY

CHICAGO, Nov. 3.—A warrant for the arrest of Francis T. A. Jenkins, of Chicago, appointed a month ago a member of the contract adjustment board in Washington with a rank of lieutenant colonel in the regular army, was issued here today on a charge of liquor.

Internal revenue agents found liquor concealed in the toppling of two expensive motor cars, which Mr. Jenkins had consigned to Washington. Two slinking brass bandsters, having loaded "music records" handle with care" were found to contain tin gallons of whiskey.

Inquiries at the Jenkins home disclosed that Mr. Jenkins and his wife had left for Washington Friday. Government officials in Chicago are awaiting word concerning the detention of Miss Butler and his wife, who are said to have left Chicago carrying a large quantity of liquor with them. Butler is Mr. Jenkins's chauffeur.

ELECTION EXTRA

ISSUED By The
Portsmouth
Daily Times

PORTSMOUTH, OHIO TUESDAY, NOVEMBER 4, 1919

(Established April 24, 1875)

PRICE ONE CENT

GABLEMAN ELECTED MAYOR

WET AND DRY RACE IN DOUBT

(BULLETIN)
At nine-forty when the extra went to press, Gableman's majority was still climbing and indications were that he might carry the entire Democratic ticket through with him.

Twenty-two precincts at 9:35 gave Gableman 2131; Keyes 1775. Gableman's majority 356.

At 9:20 partial returns covering every section of the city indicated that William N. Gableman, Democrat had defeated W. J. Keyes, Republican for Mayor of Portsmouth by a majority of at least 350.

At this hour 19 precincts out of 29 in the city gave Gableman a majority of 268.

The total vote Gableman 1835 and Keyes 1576.

Precincts heard from were from all sections of the city. Missing precincts include several that are expected to return heavy Democratic majorities that will offset expected Republican majorities in two Fourth Ward precincts.

Absolutely no figures were the election of Gableman by a decisive majority. Mayor Kaps sent either in wards or at large. The contest for municipal judge will be comparatively close but what few figures were available at 9:20 indicated that Small, Democrat, would probably be elected by a narrow margin.

Small was maintaining a steady lead over Sprague but the vote is smaller than for mayor, many people not voting the judgeship ticket. Republican leaders conceded with him.

Rural Districts Are Swatting Classification

COLUMBUS, Nov. 4—Early returns indicated that the proposed constitutional amendment providing for the classification of property in Ohio would receive small majorities in the larger cities and would be overwhelmingly defeated in the rural communities, where the vote against classification was running 2 to 1 and higher.

MORROW ELECTED

LOUISVILLE, KY., Nov. 4—Edwin P. Morrow, Republican, today was elected governor of Kentucky, over Governor James D. Black, Democrat, by a large majority.

WASHINGTON, Nov. 4—Withdrawal of the injunction, obtained by the government, will open the way for settlement of the coal strike, Samuel Gompers president of the American Federation of Labor declared in a statement tonight.

Chicago Election

CHICAGO, Nov. 4—Early returns from today's state wide election for constitutional convention delegates, indicated tonight that the three public policy questions had generally carried in Chicago districts by about 2 to 1. These questions were designed to instruct convention delegates, and were termed the initiative and referendum, the gateway amendment and public ownership.

LOUISVILLE, KY., Nov. 4—Edward P. Morrow, Republican, today was elected governor of Kentucky, over Governor James D. Black, Democrat, by a large majority.

HAMILTON, Nov. 4—Early reports indicated that Col. William J. Smith, has been re-elected mayor of Hamilton by a large majority.

WILLIAM N. GABLEMAN

MAYOR KAPS CONGRATULATES MAYOR-ELECT GABLEMAN

Mayor Kaps tonight sent the following congratulatory statement to Mayor-Elect William N. Gableman.
Hon. William N. Gableman, Mayor-elect, Portsmouth, Ohio
Dear Sir—
Permit me to extend my congratulations on the splendid victory which you have won today. It is my sincere hope that your coming term of office may be a credit not only to our fair city, but to yourself as well.
With best wishes

Wets Gain In City

Returns from the various wet precincts were very slow coming in. Figures were not available compilation from 11 precincts in the city out of 29 showed an average wet gain of from 5 to 10 votes to a precinct compared with one year ago when the city voted wet by 341.

Jackson Is Easy Winner With Scudder And Doty

Scattered returns on the school board indicated that Jackson, Scudder and Doty would win out with Jackson and Doty.

MADE A SPLENDID RACE

W. J. KEYES

AKRON, Nov. 4—In returns from eight precincts ex-Mayor W. J. Laub, Republican, is leading Councilman H. J. Berroth, Democrat, for mayor by over 200 votes.

WOMAN WRITER WILL EXPLORE HOLY LAND

Mrs. Vivian Whitall Adams, writer and newspaperman, has set out for a trip through the little known parts of the Holy Land. She will act as a newspaper correspondent for the Akron Beacon Journal and magazine of the Fox Film corporation.

CLEVELAND, Nov. 4—Seventy precincts out of 600 in Cuyahoga county give, according to wet figures: Ratifying national prohibition, yes 4725, no 9145. Crabbe act, yes 4324, no 9287.

2.75 beverage, yes 8886, no 4678. Repeal state prohibition yes 8588, no 4678. At 9 p. m. wet leaders predicted that, based on 1918 results, returns from sixty precincts in Cuyahoga county indicate: Defeat of national prohibition by 30,000; defeat of the Crabbe act by 34,000; success of 2.75 per cent beverage by 26,000; repeal of state prohibition by 26,000. Wets claim Cleveland wet by 35,000 and say their returns indicate rural vote very light.

CINCINNATI, Nov. 4—Thirty precincts out of 558 in Hamilton county give: National prohibition, yes 521, no 3442. Crabbe act, yes 483, no 3452. 2.75 beer 3393, no 494. Repeal prohibition, yes 3330, no 766. Classification, yes 2450, no 964.

"Solomon's Servants." "Solomon's servants" (Ezra 2:58-59; Nehemiah 7:57-60) were the descendants of the Canaanites reduced by Solomon to the state of slaves. They were compelled to work in the king's stone quarries and in building his palaces and cities.

HEAVY VOTE IN STATE

COLUMBUS, Nov. 4—Result of the prohibition election in Ohio was in doubt at 9:30 o'clock tonight. The dries were claiming big gains in the rural counties, while the wets were making similar claims in the larger cities. Last year Ohio voted dry by about 25,000.

Indications were that the proposed amendment providing for classification of property for taxes, on had been defeated.

CINCINNATI, Nov. 4—Liberal headquarters in Cincinnati estimated from returns from 44 precincts early tonight that the vote in Cincinnati against national prohibition would be 53,000. Against the Crabbe act 56,000; for 2.75 beer, 52,000 and for repeal of prohibition 51,000.

CLEVELAND, Nov. 4—At 8:30 p. m. Thomas W. Roberts, Cuyahoga county Home Rule Association secretary, predicted this county would go wet by 30,000 to 35,000 plurality.

COLUMBUS, Nov. 4—Ohio voters, early returns show, voted consistently wet or dry on all four prohibition proposals, despite predictions that the vote would be split, at 9:30 o'clock scattering returns showed the dries leading in the rural communities by as much as 3 to 1 while in Cleveland and some of the other large cities, the wets were leading by 2 to 1.

COLUMBUS, Nov. 4—Local dry headquarters announced that returns from the first four scattering Columbus precincts showed a dry gain of twenty votes to a precinct, and indicated the Columbus would give large majorities for the dries on the four prohibition proposals.

Mission Not To Be Withdrawn

WASHINGTON, Nov. 4.—The American railway mission to Siberia is not to be withdrawn at this time, state department officials said today. Members of the mission at Omsk have moved to Irkutsk because of the advance of the Bolsheviks and officials said this fact probably gave rise to the report that the railway corps was to leave Siberia.

Colgate And Dartmouth Take Lead In The East

NEW YORK, Nov. 6.—A diagnosis of the eastern football situation shows that, while battered a little by Saturday's games, the face is not beyond recognition. Penn State gave the weekly black eye to the dopes. They tipped the boat in which Pennsylvania was drifting along to the top of the list, and both football boys fell out with an awful splash.

Colgate and Dartmouth were so evenly matched that a tie-game result proved satisfactory to both sides. Both remain in the running for the championship.

Republican Leading

TRANTON, N. J., Nov. 4.—Returns from 379 districts out of 2011 in New Jersey, for governor, give Bugbee, Rep., 13,935 and Edwards, Dem., 11,225. The districts thus far heard from, however, are mostly in counties which are normally strongly Republican.

BIG GAIN

In Third Ward A Gableman received 145 and Keyes 84. Two years ago Gergens carried it by 3.

He Will Consult His Pastor.

Some day soon we are going around to call on our pastor and ask him if it is an acted lie, and therefore every bit as bad as a regular one, not to go to the door when you're busy; and the chances are at least ten to one that it's somebody's dream of selling you another broom.—Ohio State Journal.

Word Lunatic In Bible.

The word lunatic is used twice in the New Testament (Matthew 4:24 and 17:15). The word evidently refers to some disease affecting mind and body. By the description given by Mark 9:17-18, it is concluded the disease is epilepsy.

PROFUSION OF FEATHERS IS DOMINANT NOTE ON SMALL HATS OF NEW SEASON

The small hat has not yet been dislodged from its position of prominence in the fashion world. There is nothing more distinguished than a small head above furs and street frock. Feathers form the most favored trimming for small hats and turbans. At the right is seen a dainty turban of a midnight blue velvet trimmed with a great profusion of black velvet piped in blue velvet trimmed with a great profusion of black velvet piped in blue velvet. These hats are smart and stylish. The small brimmed hat is youthful at the same time.

First Returns Show Gabe's Some Runner

The first precinct in the city to report on the majority vote was precinct B of the First Ward, where Gableman made a gain of more than one hundred votes over the vote of two years ago. The vote showed: Gableman, 131; Keyes 83, a majority of 48 for Gableman. Two years ago, Kaps carried this precinct by 65 majority over Gergens.

RECORD BREAKING COAL PRODUCTION IN PENNSYLVANIA

PITTSBURGH, Pa., Nov. 4.—Record breaking coal production in non-union mines in the Pittsburgh district was reported today by operators, who union leaders said the mines under the jurisdiction of the United Mine Workers were down a light at any time since the strike was called.

Small mines which provide coal for domestic purposes were operating in all parts of the district, and wagons, trucks and even wheelbarrows were being used by neighboring residents who had not a full winter supply of fuel to reinforce their stocks with such supplies as they could obtain. A company of United States infantry which arrived at Brownsville, on the Monongahela river, from Fort Niagara early today, was expected to police that section which was described as the "borderland" between the unionized field of the Pittsburgh district and the non-union Connellsville coke country.

SEARCHING FOR PRINCIPAL

CONNEAUT, O., Nov. 4.—Dense woods in this vicinity were being combed today by authorities and posse of citizens searching for J. Howard McIntyre, missing Conneaut school principal, following a report that two men had been seen dragging a third man into the woods Monday night. B. V. Carr, safety director, today asked Cleveland police to watch for man and woman, thought to be the strangers with whom McIntyre was seen talking to shortly before his disappearance Friday night. Akron police were asked to search for McIntyre on a report that he had been seen in Bedford, Ohio, Monday night and had left there for Akron.

FRANCE HAS NEW PROPOSAL

PARIS, Nov. 4.—(Havas)—France has taken the initiative in presenting a new proposal for settlement of the Fiume question, according to the Echo de Paris. The newspaper says that move has the support of Great Britain.

RUNS UP ON SIDEWALK AND HITS TWO PEOPLE

WILMINGTON, O., Nov. 4.—Swearing his machine onto the sidewalk, in the center of the downtown district, today, to avoid a collision with another automobile, the driver struck Nicholas Nico and his sister, May Nico. Both were so seriously injured little hope is held for their recovery. The driver's name was not learned.

SCHOOLS MAY CLOSE

ZANESVILLE, O., Nov. 4.—County School Superintendent J. S. McGinnis stated last night that all the schools in the county, outside of Zanesville, will be forced to close within a week unless the coal miners' strike is settled.

JOY CRUISE ENDS

NEW YORK, Nov. 4.—The cruise of "U. S. J. Joy" ended today when her skipper, "Lieutenant Commander" Harold Joy, was arrested for impersonating a naval officer. "It's all my wife's fault," he said. "She bought me a yacht and this uniform with white and service stripes, and told me if I didn't wear it, she'd leave me." Joy was taken to a police station at the instance of a naval intelligence officer. He is 20 years old.

HEAVY VOTE IS BEING CAST

More Troops Sent To Mining Districts; Washington Believes Strike Near End

Much Coal Is Being Confiscated

BROWNSVILLE, Pa., Nov. 4.—United States troops entered Pennsylvania on strike duty today when a company of infantry arrived here from Buffalo. They were held in their train until arrangements could be made for scattering them through the district.

CHICAGO, Nov. 4.—In the face of virtually an unbroken front of approximately 425,000 striking coal miners, whose walk-out throughout the nation at midnight, Friday night has produced almost complete paralysis of the production of bituminous coal, the beginning of the second full day of the strike found government officials and coal mine operators in an optimistic mood. Additional movements of federal and state troops in various coal fields were reported over night, and thousands of car loads of fuel in transit were confiscated by the federal railroad administration, diminishing the supply of private industries and municipalities, some of which already have felt the stopping of production. Officials of the United Mine Workers of America, whose line officially was held by the federal court injunction issued at Indianapolis last week re-

mained silent. Attorneys for the miners continued preparation today of their side of the case preparatory to the hearing next Saturday in federal court of the injunction proceedings and Washington officials were of the opinion that the broad powers of the restraining order would compel the miners to resume work.

WASHINGTON, Nov. 4.—Developments today were looked forward to here as likely to afford an index to the duration of the coal strike. A spirit of hopefulness that the end of the strike was near was prevalent. Government officials were of the opinion that the broad powers of the federal court injunction in shutting off the strike funds would force the miners to return to work and bring the strike to a close. Labor leaders themselves were said to hold the view that the miners could not hold out long for lack of subsistence caused by the operation of the injunction. At a regular meeting of the cabinet today members planned to give the coal strike particular attention. Agents of the department of justice reported to headquarters here that mountain miners were working on full time and that the defections from the

Hear The Results Of The Election At Times Office; Watch For Election Extra

Election results from the city, state and nation will be received at The Times office tonight. Interest this year centers chiefly in the wet and dry fight in the state and mayoralty contests in various cities. Returns from the state and nation will be received over The Times Associated Press leased wire. Results in the city will be secured through The Times staff of newspapermen, and special efforts are being made to gather the results of the ballots as accurately and rapidly as possible. The public is invited to drop down to The Times office and enjoy the election party. Results will be thrown on a screen by stereopticon. An ELECTION EXTRA will also be published. Watch for it.

being taken on the eighteenth amendment to the constitution. This is being accomplished by a referendum on the legislature's action in ratifying the amendment. Ohio also is taking a referendum vote on a prohibition enforcement act adopted by the legislature and is also voting on repeal of the state wide prohibition act and another amendment touching on prohibition.

WEATHER

OHIO—Rain in east and rain or snow in west portion tonight; colder, Wednesday much colder and fair, except snow near Lake Erie.

FIVE STATES VOTING ON GOVERNORS

NEW YORK, Nov. 4.—Election in five states went in the polls today. In ballot for governors, while election of lesser officials and decisions on constitutional questions faced the voters of several other states. Governors are being elected in Kentucky, Maryland, Massachusetts, Mississippi and New Jersey.

The elections in Ohio are being watched with interest by "wet" and "dry" advocates as there, for the first time in any state, a popular vote is imminent.

CHICAGO, Nov. 4.—Delegates to the fifth state constitutional convention today were voted for in Illinois, with additional proposals to instruct delegates regarding the wishes of the people as to including in the prospective constitution provision for the initiative and referendum and authorizing municipalities to acquire utilities.

AUSTIN, TEXAS, Nov. 4.—Election today voted on the calling of a constitutional convention for the first Monday in June, 1920, and six constitutional amendments.

LINCOLN, NEB., Nov. 4.—Selection of delegates to a constitutional convention was the only state-wide proposition before Nebraska voters today. The city of Lincoln voted on municipal operation of the street car lines.

U. S. MINISTER RESIGNS
WASHINGTON—The resignation of the U. S. minister to Switzerland, is time in any state, a popular vote is imminent.

Heavy Vote In Ohio Expected As The Result Of Wet-Dry Issue And Spirited Mayoralty Contests

COLEMBUS, O., Nov. 4.—Ohio today sold as soft drinks.

is voting on four phases of the prohibition question, the results of which, opposing leaders say, will have a decided bearing upon the prohibition question throughout the nation.

On one question voters expressed their sentiment on national prohibition. This was done indirectly by voting upon the action of the state legislature in ratifying the federal prohibition amendment. Ohio is the first state in the union where the federal proposition has been placed directly before the voters, and both wet and dry leaders are watching the result with keen interest.

State-wide prohibition also is again before the voters, on questions of repealing the prohibition amendment adopted a year ago by a majority of more than 25,000, and localizing the manufacture and sale of liquors containing less than two and three fourths percent alcohol. Such liquors would be classed as non-intoxicating and would be permitted by the amendment to be

for classification of property for taxation. The amendment was adopted a year ago by a majority of more than 2,000 but it was declared void by the state supreme court because it conflicted with another amendment. It was resubmitted by the state legislature.

Spirited mayoralty contests in most of the large cities were expected to bring out a large vote. Mayor George J. Karch, Democrat, is a candidate for a sixth term as mayor of Columbus. Mayor Harry L. Davis, Republican, Cleveland, is running for third term, and Mayor Cornell Schreiber, Toledo, is running as a non-partisan candidate for reelection.

TWO GREAT OF THE NAME
NICHOLAS Nicholasievitch lives. That is almost as pleasant news to the grown-ups as it is to the little folks. For Nicholas Nicholasievitch was reported dead more than three years ago and all the world had come to accept the report as true, that he had been foully done for by the Bolsheviks of his own country.

To hear he is not dead, but safe and well is a great joy because Nicholas Nicholasievitch is none other than Grand Duke Nicholas, brother of the Czar and noblest and most brilliant figure of the war on the Russian side. In several campaigns he led the Russian armies with remarkable success and had he not been made the victim of treachery and betrayal on the part of others in important commands he would have ended the war in the prostration of Germany full two years before it was actually brought about.

He was a Russian in every instinct and action of body and mind. He loved his native land and what is more loved his fellow-countrymen. He was not remote from the throne, but that was as nothing with him beside land and people. His aim was the freedom of the one and the welfare of the others. Powerful enemies beset him in camp and at court, enemies made by German gold and birth. Rumor had betrayed him on the battle field, the Czarina whispered against him in the palace. When he had Hindenburg and Ludendorff on the run, came the startling news that he had been deposed as commander in chief and transferred to the Caucasus. Good was done by him therein, but after a time came no story of him in battle. In time the impression got abroad that he had been slain at the time the Czar's family was exterminated. This was a mistake. Grand Duke Nicholas is still alive and assuming quite well. At least he was strong enough, only the other day, to entertain for several hours the royal family of Italy, which called upon him at Saint Mercedesita, where he is now domiciled. Where he has been for the past three years is not revealed.

TAKE OFF THE SEAL
GENERAL James G. Harbord, head of the American commission, that has been in Armenia for sometime, is now on his way to America and may arrive here this week. The object of the commission was to inquire into conditions in the stricken eastern land, assembly to report on the advisability of America taking a protectorate thereover, a mandate as it is now called. Taking the usual course, the report will be filed with some department, there to lie dormant until official use is found for it, and under the rule General Harbord will not be at liberty to discuss it and what it contains.

Thus a condition is presented that should not be. The proposed relation of these United States to Armenia is one of first concern to the people. There appears no special reason why we should be charged with the constant trouble and the enormous expense of maintaining Armenia, though that nation of inveterate beggars, with a lively appreciation of our resources and recklessness in expending them, is clamoring to throw itself into our arms. If there are grounds that should impel us in any sense of duty to know why we should be thus charged, we should certainly know them. Taking the seal off of General Harbord's lips and letting him speak freely and frankly of what he has seen and the conclusions he has reached therefrom, seems to be the best means of giving the public such information as it should have.

The war cost Germany something more than a trifle. According to Minister of Finance her total debt is now 204,000,000,000 marks, in our money fifty-one billion dollars, with the mark at par. Taking off the seventeen billion imposed by the peace terms, this would put her war expenditures at something over thirty billion dollars. Her first annual tax as a republic runs up to a billion marks.

We were never properly impressed with that story and the accompanying picture, in McCutcher's reader of the apple falling from Sir Isaac Newton's head and originating in him the theory of gravitation. Wherefore we are not a bit surprised that comes an Italian scientist, who says the law was all wrong about it, and proves it to his own entire satisfaction. Holding that apples are to be eaten and not to adduce abstract theories, we are willing the scholarly Page may have his way about discovery.

The village of New York seems to be about the only one in the country, where the old style of campaigning still prevails and we notice the Governor of the state, in a public speech, denounces one William R. Hearst as a cutthroat, which isn't bad anyway you look at it.

More evidence the Californians are being ruined by the government refusing to permit the manufacture of light wines. Raisins have jumped way up yonder in price.

Thinking over this Better Speech business, we are getting sort of leery on this proposition of about two million times before we were ten years old the big, nice girls of the family used to meekly correct our use of the word. Finally they looked us of it, but with the years growing heavier we frequently lapse back into its use and we rather like it, just as the old friend grows dearer, when you begin association with him after years of separation.

Some congress fellow is clattering around with the demand that the army sell the surplus automobiles it has on hand to the public. The trouble is that a congressman is like some people, he never learns anything, not even from such recent and direct fiasco as the army selling to the public surplus food products that it didn't have. And it was a congressman that perpetrated that too.

THE MARRIED AN AVERAGE MAN

Albion that came today and found me in tears. I am not childish, but I haven't been able to do what I feel I am terribly disappointed. When Albion took me to see the editor of what she calls "that fool magazine" that a million middle-west women look upon as the "Bible of the house" the first thing he asked was if I had any ideas. I thought he would furnish the ideas and that I would carry them out. I told him I thought I knew what small town wives and housewives liked to read and he said rather curiously, I thought, that if I would write something readable he would let me to consider it. Well I've tried and tried and tried, but not one of the articles I've done has suited him.

"Stop writing and tell me what you've written about," said Albion, holding her fur and mixing herself a cocktail.

I told her and she burst out into laughter.

"Poor little child—forgive me. I don't mean to laugh, but—well, dear don't you see, you haven't written on one subject you know anything about. No offense, but—no offense. I have known a lot of New York's best writers for years and know the city inside and out. Love stories are always on the market unless you are a lot of years in (I mean) and you're too young and inexperienced to know how to do them. 'Fashion Notes' are handled by experts.

"Now, come, we'll do one, some thing together. You can't expect to find the first time you try, you don't. Little thing. If everbody could sit down and write so like a professional off the top, scribbling would be as easy as breathing. I've been teaching for a long time."

New - York - Day - By - Day
BY
O. O. McINTYRE

NEW YORK, Nov. 4.—Mine's drink shop known as the Queen Anne, O. O. McIntyre, the Bowery can show class—even if it does still cling to the antiquated foot stool.

A young girl cashier, who has worked on the Bowery 10 years and who incidentally won a beauty prize in a newspaper contest, declares that in all the years she worked up and down the Bowery she was never insulted. On a shade walk up Broadway one evening she was insulted twice.

But a few more words about Mine's drink store. It has been four generations and has administered to politicians from the remotest times, experienced by little Antonio after a two-year mixture of little pickles and ice cream in the Bowery shop-house in Mine's who wakes up in the early dawn with a "what's that Bowery calls the 'slakes' and 'Broadway' in hand over."

Behind the entrance of the subway station at Cathedral Parkway stands a little vendor of chewing gum and candy. He is the "Turd" of the Bowery.

IN THE DAYS NEWS
PRINCE LUBOMIRSKI
Better evidence that the Polish will have and defend the upper hand in Poland could hardly be asked than the fact that the first Polish minister to the United States, who has just arrived in Washington, is a prince and a member of an old aristocratic family. Prince Lubomirski is born in Cracow, Poland, and is educated there. After coming to the United States he was a member of the Polish club for five years and has taken a big part in Polish politics in Poland.

Prince Lubomirski visited the United States twenty years ago and has since then been a great admirer of this country. He is accompanied on his present mission here by his daughter and three sons.

Now and then his lips move and he smiles wisely.

The other day I wanted him while a young man presented a spot near him for the sale of newspapers. He had freshly printed papers and during the thick sales went over and read the headlines to the blind man. There was a running fire comment as he told of the strikes in the towns of capitalistic capitalist papers.

There is more of this sort of thing in New York than the outside world realizes. One sees it when a blind man walks across the street—two or three jump to help him. That is true of the streets on sidewalks and in other places.

The end of the war has brought a new type of dance music. All the new songs have a plaintive wail—the old type of music. Nobody seems able to get around for it but E. F. Bither the most popular dancer, declares that the demand is for that sort of song and he points to the popularity of "Kismet" (Sweet Sister of the East), "Persimmon" (Sweetening of a Sweet Treat), "Sweetie of the East"—all of which have the plaintive strain.

Since the actor's strike Ed Wynne, who was the strike leader, has not appeared on the stage. It is a pretty fair compliment to his ability to note that every dramatic critic in town has written a column about him. Wynne, himself, is silent on the subject. He may have offers and he may not.

BOB KOLUM
Falling
"Come, sit with me," the airman said. "Well, look and dip with me." Kenneth Alas, a pitch a whirl. Too late. She fell for him. Those gifts of mine all fall for them.

Was This Man You?
"Well, I haven't look at the funny man. He's setting on the sidewalk, talking to a banana skin."

How Could They?
The girl girl wept. "No one understands me," she complained. "Well," said her friend, "You can't blame them, when your mother was a former telephone operator and your father a train conductor."

"COME ON THERE MIX 'EM UP!"

POLITICAL ARENA

John 19

Solo
I got this car for a song. I heard that you gave a note for it. —Boston Evening Transcript.

House Prices
A prominent man says that we are paying only a fair price for the things we buy. He must mean a church fair price. —Boston Transcript.

Some Pivotal Remarks
Patronize the local Bolsheviks: two thousand times and a bath.

Stirring Remarks
A sign in a Western City restaurant reads: "Ask for one lump of sugar only. Stir like hell. We don't mind the noise."

Got It Bad
The young man stent from but just presented by "the one girl in the world" who nevertheless, was a member of a forty-strong beauty chorus. "You think you love her?" snorted the father.

Timelocking
The name Timelocking is from the word Timelocking, of the Nipponese Indians, the intrusive letter "s" being due to Canadian French. It is derived from the word "timelock" and "locking." "In the water," meaning in "the deep water." It is the name of the lake lying between northwestern Quebec and northwestern Ontario, and through it flows the Ottawa river. Near its western shore is the Great Lakes, famous for its rich silver mines. In places the waters of the lake are very deep, as the Indians evidently know, for they gave it a name that means "in the deep water." A band of Algonquian Indians, known as the Timelockers, and closely related to the Algonquians, once lived on the shore of the lake.

Elbe Martin
A newspaper tells of a New York couple being married in an airplane. The only advantage was that they got back to earth more quickly than most newly weds.

Welcome Relief
"Look 'em up—ask 'em for the last time for that 'old-dollar you owe me." "Thank 'em—this is the end of a silly question." —Muddy (London).

He Did His Best
Great amusement was caused by the action of a yellow hammer which tried to peck a hole through a cast-iron United States mail box on a post in front of a hotel in Albany, N. Y. The bird persistently operated its beak on the top of the box for several intervals of five to fifteen minutes with the result that the point was slightly scored in several places, but so far as could be ascertained, with no damaging effect to the box. Early in the forenoon the proprietor of the hotel was disturbed while reading the paper, by the sound of the hammer. He went out and found the bird on the box. He returned several times during the forenoon and pounded away on the top of the box, at times a number of people acting as spectators.

What's become of the old time women that used to row the men in public? Well, things are going overday it to be Saturday afternoon by now.

Where Tin is Found.
Tin is found in ores with many other metals and minerals and in lumps and grains in alluvial gravels. It is found in Siberia, Australia, Galena, and in fact, most parts of the world, but the notable workings, those which furnish the great part of the supply which the world consumes, are in India and the Straits Settlements. A large amount of tin is consumed in the manufacture of tin foil, two of which are used annually in the tinplate trade, and another extensive use for tin is in "alloys" the backs of mirrors. In being used in this way it is mixed with copper. Tin is also used in the making of bronze, brass and pewter.
